## TO WHOEVER IT CONCERNS

CS-ETC N.V., as authorized engineering company for Solideal products, confirms hereby that all tires and wheels produced by Camoplast Solideal, conform in all respects, on designation, marking, geometry, load carrying capacities and inflation pressures, to the requirements of the European Tyre and Rim Technical Organization (ETRTO) recommendations.

In case certain sizes are not mentioned in the ETRTO manual, we follow the TRA (Tire and Rim Association) or JATMA (the Japan Automobile Tire Manufacturers Association) recommendations.

The serial numbers on the tyres have the following format: YY DDD F XXXX with:

YY 2 last digits of the year (11 means 2011)  
DDD day in the year (031 means 31<sup>st</sup> of January)  
F factory number  
XXXX digital counter per day

CS-ETC N.V.

A handwritten signature in dark ink, appearing to be 'Thierry Miche', written over a horizontal line.
